

CN Labelling

Purchase with assurance!

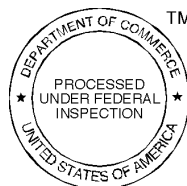

Ease your seafood safety concerns - require USDC inspection on all your Child Nutrition Lunch products.

Benefit from over 40 years of experience in assuring seafood quality. The U.S. Department of Commerce Seafood Inspection Program works along side the U.S. Department of Agriculture in providing safe, wholesome, and quality seafood products for school lunch programs.

The Child Nutrition (CN) label statement indicates the contribution that the seafood product makes toward the CN Meal Pattern Requirements. The CN label statement for seafood can only appear on USDC inspected products.

The USDC Seafood Inspection Program offers:

- Grade marks that ensure your products are of the best quality, taste, and nutrition
- Certification that your product has met the required sanitation and quality standards
- Usage of the CN label statement on all product that meets CN requirements

Make the Seafood Inspection Program **YOUR** partner in winning your customers with **QUALITY!**

800-422-2750

**If you're a
seafood processor,
use it!**

**If you're a seafood buyer,
request it!**

**See our
Approved List for those
companies producing CN,
Grade A, and PUFI
products.**

*"For seafood, quality can't
be added, but it can be
easily forever lost."*
